

The Project

The aim of the project is to help the schools to support and strengthen the **intercultural skills** of their staff members as well as exchanging methods and experiences regarding the integration of children with migration backgrounds. During the two years of the project **five international meetings** will take place where the staff members will have the chance to observe and take part in the **daily routine** of each school.

Our Partners

Kita Kohlgartenstraße, Leipzig, Germany

Participants:

René Lehmann (Codirector)
Carmen Gomez Diaz (coordinating educator)
Antje Huth (coordinating educator)
Merle Praakli (EVS volunteer)

"Our kindergarden was founded in August 2015. It hosts a total of 180 children from 26 different nationalities. The focus of the Kita is on intercultural education. Through the respect and protection of their own culture and language we provide the right conditions for children to build a positive personal identity."

2nd Pre-Primary school of Rethymno, Crete, Greece

Participants:

Lemonia Gkouvousi (teacher)

"The Kindergarten was founded in 1996. It has two classes of a basic compulsory department and one class of an optional full-day course, covering the attendance of 21 children 4 to 6 years old. It hosts many immigrants children as well as refugees of the war in Syria."

13th Pre - Primary School of Rethymno, Crete, Greece

Participants:

Anna Fanourgiaki (director)
Stella Styliani Antonakopoulou (teacher)

"The 13th Kindergarten of Rethymnon was founded in 1996. Today it has two classes of a basic compulsory department and two classes of an optional full-day course, covering the attendance of 32 children 4 to 6 years old. We have already experience in International programmes and we are joining the project in order to exchange best practices in the pedagogical work with the partner schools."

Campi Soncini, Dimora d'Abramo, Reggio Emilia, Italy

Participants:

Monica Salsi (coordinator)
Matteo Bedeschi (teacher)
Corina Laasch (Translator)

"Our organisation has worked since 1988 in the field of intercultural education. We provide support to migrants and asylum seekers for housing, professional training, social and school inclusion. Since 2014 we run the kindergarten "Campi Soncini". Presently our kindergarten is attended by 74 children between 3 and 6 years, 80% of the children comes from migrant families. We would like to improve and deepen our competences in the field of preschool education."

Armbandet och Kättsätters förskola, Norrköping , Sweden

Participants:

Cecilia Lindström (development educator)
Ann-Kristin Källström Sundgren (director)
Sofie Liljegren (teacher)
Eva Viking Skogrun (teacher)

"The two primary schools have 219 kids of age 1-6 divided in 20 groups. Our health method is called "the dream of good" - this method was developed to create the best circumstances for the well being of people. Our Primary school would like to give to our children in preschool age an understanding of the idea of diversity."
